

IWA Workplace Assessments: One Day Sentinel Certification

Individual Working Alone Workplace Assessments: One Day Sentinel Certification

The Individual Working Alone Workplace Assessments One Day Sentinel Certification course is required by individuals wanting to maintain their IWA certification. They will need to have completed the correct number of logbook entries and fall into the IWA assessment timescale to be able eligible. If the individual fails to carry out their assessment within the correct timescale, they will lose their competency, and will have to undergo the initial IWA training again. The assessment can take place on a day or night shift, but no more than two candidates can be assessed on one shift.

Course Content

By the end of the course, the individual will have proven that they have set up and maintained a safe work place in accordance with the Rule Book and Railway Group Standards. They will also have demonstrated their knowledge in other areas of their qualification that were not witnesses at the time of assessment.

Sentinel Scheme

The Sentinel system is a scheme from Network Rail that ensures all individuals that work in the railway industry are competent in their job role, and are medically fit to do so. Only approved training providers can deliver this training, with learners being subject to specific criteria they need to fit before being eligible to take part. This will be provided when making a booking, and we will encourage you to thoroughly check the learner meets this criteria before proceeding with the booking.

Developing U

If you are interested in this course, please contact Developing U directly to discuss pricing and course arrangements, to ensure the individual meets the criteria and is on the best course for them.
